## OVERVIEW

Larry Shapiro has been managing complex litigation since 1981 and has earned the reputation as one of the State's preeminent business litigators.

Larry serves as lead litigation counsel in Minnesota and throughout the United States for national corporations, accounting firms, banks, reinsurers, real estate developers, closely-held businesses, and individuals. He helps clients resolve disputes involving accounting and other professional services, mergers and acquisitions, intellectual property, shareholders, unfair competitive practices, employment relationships, insurance and reinsurance, real estate, and construction. With a broad global network of litigators, transactional attorneys, accountants, appraisers, and other professionals, Larry can also quickly mobilize the teams required to solve a wide array of problems.

Larry has earned numerous courtroom victories and professional honors. His greatest reward, however, is more personal. Larry is a valued confidant to the inner management circle for many clients. So Larry understands their issues quickly, effectively solves their immediate problems and, perhaps most important, regularly introduces proactive litigation-avoidance strategies.
